ABUTHAHIR A

Data Analyst

abuthahir1807@gmail.com · +91 7305064641 · Gudalur, The Nilgiris · Linkedin · GitHub

PROFESSIONAL SUMMARY

Detail-oriented BCA graduate with solid academic and practical training in SQL, MS Excel and Python. Experienced in cleaning, querying, and modeling datasets through college and mini-projects. Eager to bring strong logical thinking and a problem-solving mindset to an entry-level Data Analyst position.

EXPERIENCE

August 2024 - June 2026

Event Coordinator

Gudalur, The Nilgiris.

Happy Events

Coordinated weddings and corporate events, leading event teams and client communications. Managed scheduling, venue arrangements, and on-site operations to ensure on-time delivery and satisfaction.

- Coordinated 25+ events by managing schedules, vendors, and on-site logistics to ensure on-time execution.
- Led 6–10 staff per event, delegating tasks and resolving issues to maintain service quality.
- Collected client requirements and confirmed deliverables, achieving 95%+ satisfaction based on post-event feedback.
- Optimized venue setup and run-of-show, reducing last-minute changes by 30% through proactive planning.

TECHNICAL SKILLS

Languages: Python, SQL

Data Analysis: Pandas**,** NumPy, Data Cleaning, Exploratory Data Analysis (EDA)

Data Visualizations: Microsoft Excel, Power BI, Matplotlib, Seaborn

Machine Learning: Scikit-learn, Regression, Classification, Model Evaluation

Tools: Jupyter Notebook, Google Colab, Git, GitHub, VS Code

PROJECTS

AI-Based Face Recognition Attendance System

Technologies: Python, OpenCV, Face Recognition, NumPy, MySQL/SQLite

- Developed an AI-powered attendance system that identifies registered individuals using facial recognition.
- Implemented real-time face detection and recognition using OpenCV and computer vision techniques.
- Automated attendance recording to reduce manual effort and minimize errors in attendance tracking.
- Integrated a database to store student details, recognition records, and attendance timestamps.
- Designed an attendance management workflow to retrieve and maintain attendance records efficiently.
- Tested the system under different lighting conditions and facial angles to evaluate recognition performance.

EDUCATION

June 2023 - May 2026

Bachelor of Computer Applications

Government Arts and Science College, Gudalur

Bharathiar University

CERTIFICATES

Foundation of Coding with Python

Foundation of AI/ML

STEP-English Language Communication
